### SOLUTION DRIVEN

**We Buy Homes (B.C.) Inc.** is a local BC investment company whose principals have more than 25 years of combined experience in buying residential real estate. Our company has been buying homes continuously throughout BC since 1997. We are headquartered in Vancouver and have a branch office in Nanaimo.

**We are not Realtors** and have no interest in listing your home. We actually buy homes, in any condition, and we operate throughout BC. We buy properties of all types: homes, condominiums, apartments, townhouses and even cottages, of all sizes and in all price ranges. We buy homes with almost any types of problems, such as damage or neglect, and even buy properties that have suffered from grow-operations and asbestos contamination. Many of the homes we buy are located right in your area, with particular focus in the Lower Mainland, the Fraser Valley and on Vancouver Island. We have a team of experts right here in BC and we are constantly on the lookout to buy homes just like yours. We have developed the skills and know-how needed to solve impossible real estate situations, the kinds faced all-too-often by homeowners just like you.

We are confident that we can help you. We are **“SOLUTION-DRIVEN”** and our goal is to achieve a “win-win” solution for all parties involved. Our goal is to solve your unsold home problem, allowing you to get rid of unwanted stress and get on with your life. Our commitment is to provide you with a quick, easy and efficient solution, even where others have failed.

**Please do not hesitate to contact us at (604) 626-9647 for a confidential, no-obligation assessment of your home problem.** We will handle all the paperwork, close quickly and you pay no real estate commissions. **Period! We guarantee confidentiality.**
